Parenting Tips

Parents Who Host, Lose the Most: Don't be a party to teenage drinking"

This public awareness campaign is a program of Ohio Parents for Drug Free Youth.

For more information visit:
www.ohioparents.org

Parents have the best of intentions when hosting a prom or graduation party in their child's honor, but hosting a party where alcohol is available for teens is a big mistake. Underage drinking parties are a health and safety problem with serious legal ramifications.

Here are the facts:

1 Parents who give alcohol to their teen's friends under any circumstances, even in their own homes, are breaking the law.

1 Parents who knowingly allow a person 21 to remain in their home or on their property while consuming or possessing alcoholic beverages can be prosecuted and everything associated with such a violation can be confiscated, including personal property.

1 Parents can be sued if they give alcohol to anyone under 21 and they in turn hurt someone, hurt themselves or damage property.

Parents can protect themselves and their teens by hosting safe, alcohol-free parties for youth during prom and graduation season. Refuse to supply alcohol to children in your home or on your property; be at home when your teenager has a party; make sure your teenager's friends do not bring alcohol into your home; talk to other parents about not providing alcohol at youth events; provide teenagers with opportunities for alcohol-free events and activities; provide non-alcoholic beverages; and report underage drinking.

All of us have the opportunity and responsibility to help Ohio's youth reach their

full potential. As a parent, do your part to make this prom and graduation season safe for everybody.

After Prom Committee

Evergreen High School will have a special school fundraiser to help raise money for the students. We are raising funds to support the drug-free and alcohol-free After Prom Event.
