

Evergreen Community Learning Center (ECLC)

Elementary students and family members enjoy an evening of creating holiday decorations and treats during the ECLC "Holiday Creations" session on December 2, 2009.

The Evergreen Community Learning Center, which is funded through a 21st Century Grant through the Ohio Department of Education, is offering evening family activities at Evergreen Elementary to encourage active life styles and family bonding. Parents and their children can also walk the hallways before school from 6:30-7:30 and after school from 2:45-

8:00. All we ask is that you sign in at the office doorway.

Evergreen families are also encouraged to participate in free activities such as yoga, kid aerobics, crafts, and quilting as well as many other family fun activities. Activities vary each week, so check out the Elementary School website for more information at <http://www.evergreen.k12.oh.us/elementary/elem.htm> Click on the "Event Calendar" link at the top of the page. You can then select "ECLC" under the "Featured Calendars" on the left side of the webpage for more information. Please contact the building principal by phone (419-644-9221) or email (evg_el_sl@nwoca.org) to register for these evening activities.

Evergreen Community Learning Center Activities

The following is a list of Evergreen Community Learning Center (ECLC) family activities for the remainder of the school year. Please contact the building principal by phone (419-644-9221) or email (evg_el_sl@nwoca.org) to register for these evening activities.

All children who attend these events must be accompanied and supervised by a parent

January 6 & 20; February 10 & 24; March 10 & 24; April 7 & 21
 5:00-6:00 PM Open Library & Computer Lab

 6:00-8:00 PM Introduction to Quilting

May 5
 6:00-7:00 PM Adult Yoga and Kid's Fitness

Evergreen Middle School Student Council Hosts Ohio State/ Michigan Party

Front row: Josh Laux (Treasurer), Spencer Carter (Vice President), Bailey May (President), Chelsey Miller (Secretary).

Second row: Kevin O'Neil, Ray Silvestri, Erica Harmon, Glenn Moore, Levi Carson, Nick Etue.

Third row: Riley Parker, Monica Taylor, Payton Miller, Mason Kasefang, Faith Snyder, Bailey Kern, Erica VanLooche.

Fourth row: Elijah Tipping, Sarah Parker, Marty Nichols, Shawna Siefker.

Members not pictured: Amber Bradner, Zeke Anderson, Amy Silvestri, Kade Sawyers

On November 19th the Evergreen Middle School Student Council hosted an Ohio State/Michigan tailgate party. The middle school students were treated to games and activities in the gym with concessions in the cafeteria.

Among some of their favorite activities were dodge ball, a basketball shoot, a football throw, corn hole and face painting. Many students showed their support by wearing their favorite team's colors.

Student Council will be hosting a holiday dance on December 16th as a gift to the student body to show our appreciation of their hard work.

7th Grade Reading Projects

Mrs. O'Shea's 7th grade reading classes recently completed their second quarter book reports. They had to read a nonfiction book of their choice over a place or a thing. Then, the students had to create a replica of the place or thing, make a poster to introduce the book, and give a three to five minute speech.

The projects were overwhelmingly impressive. Several students went above and beyond with simply amazing projects.

These listed are just a few of the especially outstanding projects.

Casey Oberneder made a five-foot tall replica of the Eiffel Tower complete with all three viewing decks, out of toothpicks, plastic, and miniature people.

Ben Baranowski carved a replica of Pearl Harbor and where all the ships were stationed on December 7th, 1941 out of styrofoam board and paint.

John Curtis created a realistic D-Day

scene using elements from model trains, plywood, and miniature tanks and people.

Karly Fandrey made a wintry scene of Antarctica, complete with penguins.

Jacob Hassen, Kade Sawyers, Peyton Willeman, and Luke Hohman each made incredible volcanoes.

Olivia Stout created a Golden Gate Bridge out of string, foam board, and cardboard.

Darin Kurland made a clay, cardboard, and paint castle sculpture.

Ellen van de Kolk made a popsicle windmill, just like the one that appeared in her hometown in the Netherlands.

Chelsey Miller made a clay and paint Stonehenge.

Tyler Zylvitis made a replica of Woodstock out of miniature cars, people, and a stage made of popsicle sticks.

Most projects were on display in the middle school until December 14th. Mrs. O'Shea was very proud of each one of her students, and the effort they gave in making these delightful projects. They all did an excellent job!
